Communities That Care is committed to reducing substance use/abuse, school dropouts, delinquency and violence.

Supporting Centre County's children, youth, and families

In Pennsylvania, 127 communities in 58 counties are using the CTC process.

MISSION

To collectively promote a comprehensive community-based strategy that addresses the underlying causes and strengthens the successes that lead to the prevention and reduction of substance use, abuse, and high-risk behaviors among Centre County children, youth, and families.

VISION

To end youth substance use in Centre County, Pennsylvania

GOALS

- Reduce youth substance use throughout Centre County
- Increase community collaboration
- Delays age of onset of first use
- Reduce risk factors associated with youth substance use
- Strengthen protective factors that support community youth
- Educate youth on the long-term consequences of substance use

The Communities That Care Process

Communities That Care is a community action model, based on years of research, which allows for comprehensive community-wide prevention planning.
